Preface

This document provides instructions for Massachusetts Tax-Aide volunteers to prepare Massachusetts Nonresident, Part-Year Resident, and combined Nonresident/Part-Year Resident Returns.

Before completing any of these returns you must:

- Have a copy of the Massachusetts Form 1-NR/PY instructions available and be familiar with the definitions and unique requirements of these returns.
- Verify that the return is within scope for Massachusetts Tax-Aide volunteers (see scope table for more information). As always, if you don’t know how to do something, it is out-of-scope (OOS) for you.
- Check the list of TaxSlayer Pro Online (TSO) limitations to ensure there are no issues that might preclude preparation of an accurate return.

Limitations

- None known.

Conventions

- The bolded text is used to identify TSO data entry screen verbiage.
- All page numbers refer to the Massachusetts Form 1-NR/PY Instructions.

Nonresident Returns

Overview

A taxpayer is considered a Nonresident if he/she/they did not reside in Massachusetts during the tax year, but did receive Massachusetts income. See the instructions for additional detail because some taxpayers are required to file as a full-year resident even if they did not spend the full-year in state.

The key to preparing a nonresident return is understanding what constitutes Massachusetts source income, what deductions apply to that, and how other deductions and exemptions are pro-rated using the calculated Nonresident Deduction and Exemption Ratio. TSO will calculate and use this ratio if you enter the appropriate information (see detailed instructions below).

For a definition of Massachusetts source income for nonresidents, see Form 1-NR/PY instructions, page 6. See page 14 for detailed information on the deduction and exemption information. The following is a brief summary of that information:

Since nonresidents are only taxed on income from Massachusetts sources, the deductions and exemptions allowed to them are limited by the amount of this income. This happens in two ways. The deductions in line 15 and Schedule Y lines 2, 4, 5, 7, 9 (certain amounts only), 13 and 17 must be matched to specific items of income taxed on Form 1-NR/PY. Note that are no unique nonresident restrictions on the Schedule Y line 18 Prepaid Tuition or College Savings Plan Deduction.

Other deductions and all exemptions must be prorated by the ratio of a taxpayer's Massachusetts source income to his/her total income. All nonresident taxpayers must complete lines 14a to 14g to arrive at the Nonresident Deduction and Exemption Ratio (line 14g). The ratio will be used to determine what amounts, if any, you may deduct on lines 16 and 17; Schedule Y lines 3, 6, 8, 10, 12, 15; and the amount of your exemptions in line 22. Note that if a taxpayer has Social Security which is all or partially taxable, that amount must be entered as a negative number on the Deductions menu: Enter Adjustment to US total income for amounts not taxable in Massachusetts.

For Tax-Aide MA Non-Resident returns, Massachusetts source income includes MA wages, MA self-employment income, MA unemployment, Mass state lottery, and Mass gambling (Plainridge, MGM Springfield, and Encore Boston Harbor casinos).
After completing the federal return, go to the State Section. Select “Add State Return(s)”, choose “MA”, click “Continue,” then “Nonresident” for return type, and click “Continue.” If TaxSlayer automatically created a MA return, you must delete the “Resident” MA return before creating the “Nonresident” one.

Basic Information

- **Did your name and/or address change from a prior year tax return?** Select the appropriate response. If you do not select anything, the default answer is “No.”
- **Are you a veteran of the US armed forces who served in Operation Enduring Freedom, Iraqi Freedom, Noble Eagle or Sinai Peninsula?** Select the appropriate response. If you do not select anything, the default answer is “No.”
- **Enter an explanation if there is a difference between line a, Total Federal Income, and 14f, Total Income, of Form 1 NR-PY that is greater than 10%.** Note: It may be difficult to answer the question before you complete the return, but if you ignore this question, TSO will prompt you to answer it later if the difference is greater than 10%. Common explanations include pensions that are not taxable in MA; Social Security income that is taxed federally, but not in MA.
- **Are you a noncustodial parent?** Select the appropriate response. If you do not select anything, the default answer is “No.”

Income Subject to Tax

- **Schedule B.** For Nonresident returns, Schedule B is highly unlikely (it is necessary only if the income is MA source).
- **Schedule C.** If the taxpayer has one or more Schedule Cs, you can either pull all or none of them from the federal return. If there are multiple Schedule Cs and they are associated with different states, you must enter the MA Schedule C information manually. In that case, you will also have to make a manual adjustment to the Social Security and Medicare amounts paid (see Other Deductions).
- **Schedule D.** For Nonresident returns, Schedules D is highly unlikely (it is necessary only if the income is MA source).
- **Schedule E.** For Nonresident returns, Schedule E is highly unlikely (it is necessary only if the income is MA source).
- **Schedule F.** Out of scope.
- **Massachusetts Lottery Winnings.** Enter the total cost of all winning Massachusetts lottery tickets.

Additions to Income

- **Enter Allocated Tips reported in box B, Form W-2 and Scholarships Taxable to MA.** For tips, enter the total amount from Box B of all W-2s that are Massachusetts wages. In addition, look at US Form 4137 and enter the amount of additional Social Security and Medicare taxes associated with the Massachusetts allocated tips on the Enter amount to
Deductions

- **Enter interest income included on your return received from Massachusetts banks.** Enter interest from a Massachusetts bank only if it is related to a Massachusetts trade, business, profession, partnership or S corporation, or to the ownership of real estate or tangible personal property located in Massachusetts.

- **Enter the taxable IRA/Keogh and Roth IRA conversion distributions.** Leave blank. IRAs are not taxable for nonresidents.

- **Enter the amount to adjust from Form 1, Line 9 (as a negative number) to account for the conversion amount entered above.** Leave blank. IRAs are not taxable for nonresidents.

- **Enter alimony received.** Leave blank. Alimony is not taxable for nonresidents.

- **Enter additional fees and other 5.1% income.** If the client has other income on Schedule 1, line 8 from a Massachusetts source enter the amount. Note that if this income is reported on a 1099-MISC and there is MA withholding, TSO will carry the withholding to Form 1 NR/PY line 42.

- **Enter the description of fees and other 5.1% income.** If the client has other income on US Schedule 1, line 8 that is from a Massachusetts source enter the description.

- **Enter Massachusetts taxable pension income.** It is highly unlikely that Tax-Aide clients would have pension income that falls into this category. See the list in the Form 1-NR/PY instructions, page 12.

**Deductions**

- **Enter the total amount of the adoption fees paid to a licensed adoption agency.** [Form 1-NR/PY line 4f] Out of scope.

- **Enter Medical and Dental expenses claimed on Federal Schedule A.** [Form 1-NR/PY line 4e] Leave blank, this is carried over from the federal return.

- **Enter amount to adjust your retirement deduction; Social Security and Medicare withholdings are already pulled.** [Form 1-NR/PY lines 15a/b] Enter the amount of mandatory retirement contributions listed in W-2, box 14 for federal, state, municipal, or railroad employees, the calculated amount of self-employment tax (see US Schedule SE), and/or the amount of Social Security and Medicare taxes associated Massachusetts allocated tip income (see US Form 4137). The amount entered must be associated with MA source income and should not exceed $2000 per person (taxpayer and spouse). If you pull the federal Schedule Cs forward, the amount of self-employment tax will also be carried forward. If you manually create a MA Schedule C, you must manually calculate the amount of self-employment tax.

- **Enter income excludable under MGL Ch. 41, sec 111F and/or Military Spouse Nonresident income.** [Schedule Y, line 4] This is only in scope for Military Spouse Nonresident income.

- **Enter income exempt under U.S. tax treaty.** [Schedule Y, line 4] Out of scope.

- **Enter claim of right deduction.** [Schedule Y, line 14] Out of scope.

- **Enter the deductible amount of qualified contributory pension income from another state or political subdivision included in income.** [Schedule Y, line 13] See the
Massachusetts Resource Guide Appendix A for state by state detail of what can be excluded. Enter only the amount associated with MA source income. This is highly unlikely for a non-resident.

- **Enter the amount of student loan interest that is for undergraduate studies. ONLY enter an amount here if you were disallowed part of your student loan interest on your federal return.** [Schedule Y, line 12] See additional criteria in the instructions for Schedule Y, line 12. Enter only the amount meeting these criteria that exceeds the amount allowed on the federal return.

- **Enter Penalty on early savings withdrawal.** [Schedule Y, line 2] Enter the total early withdrawal penalty associated with MA interest income.

- **Enter Moving expenses.** [Schedule Y, line 5] For military certification only, enter the amount from US Form 1040, line 26 that is related to Massachusetts employment only.

- **Enter Self-employed health insurance deduction.** [Schedule Y, line 7]. Enter the amount associated with MA Schedule C income only.

- **Enter Medical savings account deduction.** [Schedule Y, line 6] Out of scope.

- **Enter health care accounts deduction.** [Schedule Y, line 8] Leave blank, this is carried automatically from the federal return.

- **Enter certain qualified deductions from US Form 1040.** [Schedule Y, line 9] Entries here include MA jury duty pay given to the employer (unlikely for a non-resident) or repayment of unemployment benefits.

- **Enter certain business expenses from US Form 1040.** Out of scope.

- **Enter Adjustment to US total income for amounts not taxable in Massachusetts.** (line 14e - Non-Massachusetts source income). Enter as a negative number the amount to adjust the federal income reported on Form 1040, line 7b to subtract items that are not taxed in Massachusetts (e.g., taxable Social Security, government pensions, etc.) and add items that are taxed in Massachusetts, but not federally (e.g., non-Massachusetts municipal bond interest, contributions to a pension plan by Massachusetts state or local employees, etc.). Do not include W-2 income earned in another state – it will be subtracted out automatically. This entry is extremely important because it determines the ratio for Nonresident exemptions and deductions.

- **Certain Gambling Losses.** [Schedule Y, line 17] See instructions for certain Gambling Losses. Enter only the amount of losses for Plainridge Park Casino, the Springfield MGM Casino, and the Encore Boston Harbor Casino, but not more than the winnings there.

- **Prepaid Tuition or College Savings Plan Deduction.** Enter the amount of the contribution to a pre-paid tuition program or college savings program established by the Commonwealth. Currently, the only such program is available through the Massachusetts Educational Financing Authority (MEFA).

- **Commuter Deduction**
  - Enter amount paid for tolls through an EZ-Pass account.
  - Enter amount paid for weekly or monthly transit commuter passes for MBTA transit or commuter rail.
Other Deductions (each of these has a submenu)

- **Child under age 13, or disabled dependent/spouse care expenses** [Form 1-NR/PY, lines 16] Enter amount of dependent care expenses only if they exceed $3600 for one person and $7200 for two people (up to a maximum of $4800/$9600)
- **Allowable employee business expenses.** This applies to National Guard and Reserve members, performing artists and fee-based government officials only, for income related to Massachusetts employment.
- **Social Security and Medicare Differences in W-2 and calculated amounts.** For Nonresident returns, TSO calculates Social Security and Medicare paid based on STATE wages (using the standard 6.2% for Social Security and 1.45% for Medicare) and does not use the amounts entered on the W-2. If the actual amounts paid into Social Security or Medicare (per the W-2(s)) are not those calculated amounts, you must enter an adjustment for each. Examples of situations in which though might happen would be if the taxpayer paid into a 401K plan or was a state or municipal employee and did not pay into Social Security.
- **Rental Deduction** [Form 1-NR/PY, lines 18] Leave blank unless you can answer YES to the following question.
- **Answer YES to this question if during the tax year you did not have a family home or any other dwelling outside MA to which you generally or customarily returned or intend to return to in the future.** [Form 1-NR/PY, lines 18] Leave blank (almost never applies to nonresident returns).

Part-Year Resident Returns

Overview

A taxpayer is considered a part-year resident if, during the taxable year, he/she/they moved to Massachusetts and established a permanent place of abode here and became a resident or he/she/they terminated his/her/their status as a Massachusetts resident to establish a residence outside the state. Note that if a part-year resident earned Massachusetts source income while a nonresident, he/she/they must file as both a part-year resident and a nonresident (see section on combined Part-Year and Nonresident Returns).

The first step in preparing a part-year resident return is to allocate all income to the applicable period – either the resident or nonresident period. This requires discussion with the taxpayer as well as careful examination of all tax documents to ascertain when the income was received, state tax withholding, etc. Use of a part-year resident worksheet is highly recommended – see the appendix for a sample Massachusetts Part-Year Worksheet.

Some deductions for part-year residents will be pro-rated based on the length of time as a MA resident while others apply only to expenses incurred while a MA resident. See the detailed instructions below for specifics.
After completing the federal return, go to the State Section. If there is a MA return started (based on the data entered in the federal section), delete it. Select “Add State Return(s)”, click “Continue,” choose "MA," then “Part-Year” for return type, and click “Continue.”

Health Care Information – Schedule HC

Complete this section as if preparing a resident return, considering only the time the taxpayer was a resident of Massachusetts and required to have health insurance. For Part Year residents who move out of Massachusetts, the mandate to have health insurance applies up to the last day of the last full month of residency. For Part Year residents who move into Massachusetts, the mandate to have health insurance applies starting the first day of the third month following the month the taxpayer moved to Massachusetts. If the taxpayer had insurance for all required months, then answer “Full-year MCC” in Basic Questions. Since most taxpayers have full-time insurance, most will require completion of the Basic Questions and Health Insurance Plan Information sections only. Complete the Months Covered, Exemption Questions, and Affordability Questions sections only if the taxpayer had partial or no coverage during the time the mandate applied.

Basic Information

- **Enter your Beginning Residency Date (Enter as follows: MMddyyyy):** Enter the date. Use January 1 if the taxpayer moved out of MA.
- **Enter your Ending Residency Date (Enter as follows: MMddyyyy):** Enter the date. Use December 31 if the taxpayer moved into MA.

- **[If applicable] Select YES if you are a Custodial Parent [filing HOH] and you have released your claim to one or more dependent exemptions on IRS Form 8332, or participated in a decree or agreement to allow the noncustodial parent to claim a dependency exemption.** Select the appropriate response. If you do not select anything, the default answer is “No.” If the correct answer is yes and you fail to say so, the efiled return could be rejected.

If the actual amounts paid into Social Security or Medicare (per the W-2(s)) are not those calculated amounts, you must enter an adjustment for each. Examples of situations in which though might happen would be if the taxpayer paid into a 401K plan or was a state or municipal and did not pay into Social Security.

• **Rental Deduction** [Form 1-NR/PY, lines 18] Enter the amount of rent paid while a MA resident. This must be rent paid on a residence located in MA that was used by the taxpayer as the primary residence.

**Voluntary Contributions**

Combined Part-Year/Non-Resident Returns

Overview
A taxpayer is considered a combined part-year/non-resident if, during the taxable year, he/she/they moved to Massachusetts and established a permanent place of abode here and became a resident or he/she/they terminated his/her/their status as a Massachusetts resident to establish a residence outside the state and while a nonresident had Massachusetts-source income.

You should download a Schedule R/NR Resident/Nonresident Worksheet from the DOR website and complete it (at least partially) before preparing the return in TSO. If the return has anything other than simple income items (wages, pensions, and bank interest), it’s a good idea to complete the return as if the taxpayer were a full-year MA resident so you have the information needed for Schedule R/NR. You should also know what Form 1-NR/PY and Schedules B, D, X, and Y should look like when completed correctly.

Start the return as if preparing a Part Year return, excluding all income that is not taxable in MA (certain pensions, recovery of IRA contributions, tax-exempt interest, etc) and making all the income allocations between residency and non-residency periods required in the Income Subject to Tax and Adjustments to Income sections. Leave Schedule R/NR to the end.

Enter all Deductions, Credits, Use Tax, Voluntary Contributions, Payments, and Miscellaneous Forms information.

At this point, it’s time to complete Schedule R/NR found under the Income Subject to Tax section.

Schedule R/NR

**Were you a Massachusetts resident for part of the tax year and while you were NOT a resident of Massachusetts in the tax year, did you receive Massachusetts source income?**
Select Yes. [If the answer is no you should prepare a straight Part-Year return.]

Income Adjustments

**Wages, salaries, tips and other employee comp**

- **Amount to adjust Total Income as modified for wages, salaries, tips and other employee compensation.** TSO automatically brings over the total federal taxable amount for all W-2s with MA source income (MA in the state section). If the federal and state taxable amounts are different, enter an adjustment in the Adjust box (positive or negative as required).

- **Income during period of MA residency.** Enter the total amount of MA wages while a MA resident.

- **MA source income while not a MA resident.** Enter the total amount of MA source wages while not a MA resident.
The total of the two should be the total taxable MA state wages, salaries, tips and other employee compensation.

**Taxable pensions and annuities**

**Total Income as modified.** Enter the total amount of pensions that would be taxable to a full-year MA resident.

**Income during period of MA residency.** Enter that portion received while a MA resident.

**MA source income while not a MA resident.** Enter 0; this is extremely unlikely for Tax-Aide taxpayers.

**Massachusetts bank interest**

**Total Income as modified.** Enter the total amount of MA bank interest.

**Income during period of MA residency.** Enter that portion received while a MA resident.

**MA source income while not a MA resident.** Leave blank.

**Business or farm income/loss (Farm Income/Loss is out of scope)**

**Total Income as modified.** Enter the total amount of Business Income.

**Income during period of MA residency.** Enter that portion received while a MA resident.

**MA source income while not a MA resident.** Enter only that portion received from a MA business while not a MA resident.

**Rental, royalty, REMIC, partnership income/loss (only Royalty income is in scope)**

**Total Income as modified.** Enter the total amount of royalty income.

**Income during period of MA residency.** Enter that portion received while a MA resident.

**MA source income while not a MA resident.** Enter 0, this is extremely unlikely for Tax-Aide taxpayers.

**Unemployment compensation**

**Total Income as modified.** Enter the total amount of unemployment compensation received.

**Income during period of MA residency.** Enter that portion received while a MA resident.

**MA source income while not a MA resident.** Enter Massachusetts unemployment received while not a MA resident.
Mass state lottery winnings (all Mass state lottery winnings are MA source income)

Income during period of MA residency. Enter that portion of Mass state lottery winnings received while a MA resident.

MA source income while not a MA resident. Enter that portion of Mass state lottery winnings received while not a MA resident.

Other income (including IRA distributions, gambling winnings, alimony, etc)

Total Income as modified. Enter the total amount of other income.

Income during period of MA residency. Enter that portion of other income received while a MA resident.

MA source income while not a MA resident. Enter that portion of other income received while not a MA resident.

Interest and dividends

Total Income as modified. Enter the total amount of interest and dividend income (excluding MA bank interest).

Income during period of MA residency. Enter that portion received while a MA resident.

MA source income while not a MA resident. Enter 0, this is extremely unlikely for Tax-Aide taxpayers.

Certain capital gains

Total Income as modified. Enter the total amount of capital gain income.

Income during period of MA residency. Enter that portion received while a MA resident.

MA source income while not a MA resident. Enter 0, this is extremely unlikely for Tax-Aide taxpayers.

Schedule D

Total Income as modified. Enter the total amount of royalty income.

Income during period of MA residency. Enter that portion received while a MA resident.

MA source income while not a MA resident. Enter 0, this is extremely unlikely for Tax-Aide taxpayers.

Important Notes:

It’s important to enter every source of income that would be taxable if the taxpayer were a full-time resident, even if it’s received while a non-resident, because the non-resident
deduction/exemption ratio (Form 1-NR/PY line 14g) is calculated as the MA source income divided by the total income received while a non-resident.

**Deduction and Exemption Adjustments – Section A.** Note that every deduction/exemption in Schedule R/NR, Part 2, Section A must be related to MA source income reported on this return.

Amount Paid to SS, Medicare, and other Retirement (Form 1-NR/PY Lines 15a and 15b). Calculate and enter the amount paid to Social Security and Medicare on income while a MA resident and income from MA sources while a non-resident. You need to do separate calculations for the taxpayer and spouse. Don’t forget any adjustments made for mandatory retirement contributions for municipal/state employees or self-employment tax for those taxpayers with Schedule C income. TSO will cap the deduction for each taxpayer at $2000. Unlike a full-year resident, this is not calculated automatically.

**Penalty on Early Savings Withdrawal** (Schedule Y, Line 2). Enter the early withdrawal penalties imposed, but only if associated with MA source income (extremely unlikely).

**Amounts excludible under Sec 111F** (Schedule Y, Line 4). Out of Scope

**Moving Expenses** (Schedule Y, Line 5). Out of Scope except for military certification and when taxpayer is active duty military.

**Self-Employed Health Insurance Deduction** (Schedule Y, Line 7). Enter the Self Employed Health Insurance deduction while a MA resident and during the nonresident period, but associated with MA source income.

**Qualified Expense Deductions** (Schedule Y, Line 9). Out of Scope except for jury duty pay given back to an employer.

**Deductible Amount of Contributory Pension Income** (Schedule Y, Line 13). See appendix A for state by state detail of what can be excluded.

**Claim of Right Deduction** (Schedule Y, Line 14). Out of Scope.

**Gambling Losses Deduction** (Schedule Y, Line 17). Enter only the amount of losses for Plainridge Park, the Springfield MGM, and the Encore Boston Harbor Casinos, but not more than the winnings there.

**Deduction and Exemption Adjustments – Section B.**

**Child Under 13/Disabled Dependent Care Expenses** (Form 1-NR/PY Line 16). If the dependent care expenses exceed the standard $3600/$7200 deduction, enter the total amount (not to exceed $4800/$9600) and the amount for the MA resident period.

**Dependent Under Age 12** (Form 1-NR/PY Line 17). Leave blank – this is calculated automatically.

**Exemptions** (Form 1-NR/PY Line 22). Leave blank – this is calculated automatically.
**Alimony** Paid (Schedule Y, Line 3). Enter the total amount of alimony paid and that paid while a MA resident.

**Medical Saving Account** (Schedule Y, Line 6). OOS.

**Health Savings Account Deduction** (Schedule Y, Line 8). Leave blank – this is calculated automatically.

**Qualified Deductions** (Schedule Y, Line 9). OOS.

**Deductions for Student Loan Interest** (Schedule Y, Line 10). Leave blank – this is calculated automatically.

**Undergrad Student Loan Interest Deduction** (Schedule Y, Line 12). Enter just the total amount undergraduate student loan interest not included in line 10. Do not enter anything in the MA resident box.

**Prepaid Tuition** (Schedule Y, Line 18). Enter the amount contributed to a MEFA fund up to the max. Do not enter anything in the MA resident box.
Full-Year MA with NR for other state

Overview

A full-year MA resident may need to file a non-resident return for another state. This generally occurs when a MA resident works in another state. Create the Federal and MA “Resident” tax return as you would for any other taxpayer. Create the additional state return as a “Nonresident” return.

Income:

Verify that the employer has accurately allocated the state wages on the taxpayer’s W-2. Be aware that some employees will give two W-2 forms or a single form with multiple states. In some cases, an employer will put the total wages for both states. In this case, you must allocate the amount of wages to each state so that the total amount of wages is equal to the state wages. Otherwise, TSO will double the wages for MA.

Credits:

MA taxes all wages earned by a MA resident regardless of where the income is earned. If the other state taxes the income, then MA gives a credit for taxes paid to another state. This credit is the lessor of the tax liability to the other state (not the amount withheld) or the amount that MA would have assessed on that same income.

Credit for Taxes Paid to Another State. This will be calculated automatically if you create the NR return for the other state first. Please note the following:

- RI - RI TDI is mandatory for all employees in RI. It may be listed as something other than RI TDI (possibly SDI) so look carefully for it on Box 14 of the W2. If you don’t enter it as RI TDI, then TSO won’t automatically include in taxes paid to another state
- RI - TSO won't automatically include TDI in taxes paid to another state if there is no RI taxable income. In this case, you have to manually enter the TDI paid on the Credits menu -> Credit for Taxes Paid to Another State.
- NY - credit for taxes paid to another state is calculated as the smaller of the tax liability to the other state or what MA would have assessed on that same income. So, for a higher tax state like NY, the credit for taxes paid to another state will be lower than the actual tax liability to NY.
